

Poll Everywhere: Quick Start for Students

Poll Everywhere is an audience response tool that lets you interact with classmates and your instructor with live polling activities. This guide provides information on how to download the application, login to your Poll Everywhere account, view an activity, and provide a response.

Download and Login

First time users will want to download the Poll Everywhere app and login. If you don't have a smartphone or tablet, you can log into pollev.com using a web browser on your computer.

1. Download the Poll Everywhere mobile app at polleverywhere.com/mobile

		
Download on the App Store	Download on desktop	Get it on Google Play
Join a presenter's session and start responding to activities in real time on your iPhone or iPad.	Use Poll Everywhere on your desktop to respond to activities seamlessly and focus on your online meeting.	Create a Poll Everywhere account and participate in live activities on your Android phone or tablet.
Download →	Read more →	Download →

2. Once the Poll Everywhere app has been installed on your smartphone or tablet, open the app and select the **Settings** button. **Next, select the prompt labeled Launch log-in window.**

If you're logging in through the website, click the **Login** button in the menu on the left.

App Login

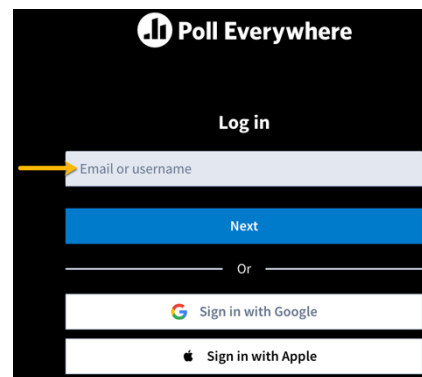

Website Login

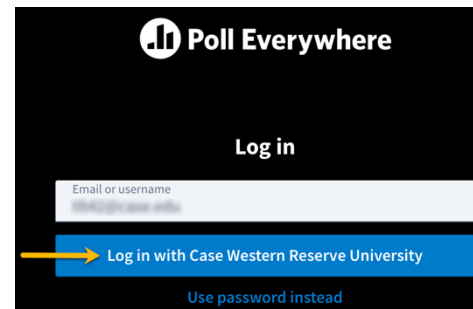

3. Enter your CWRU abc123@case.edu email address and select **Next**. Do **NOT** choose the Google or Apple options.

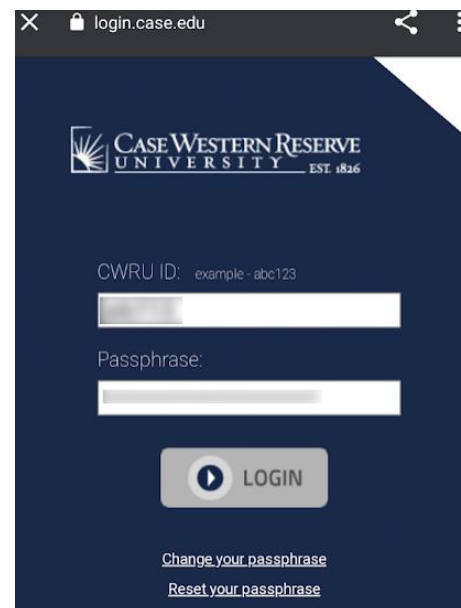

- Please note, you **MUST** login using your CWRU abc123@case.edu email. If don't, you may not connect to your instructor and your responses may not be recorded.
- You do not need to create a new account if you are a new user. By logging in with your CWRU abc123@case.edu email for the first time, an account will automatically be created for you.

4. Choose, **Log in with Case Western Reserve University**.

5. Next, you'll be taken through Single Sign On. Enter your CWRU ID and passphrase, and select **Login**.

NOTE: For subsequent uses after you've logged in for the first time, you'll be able to tell you're logged in by selecting the settings button. It will display your profile if you're logged in.

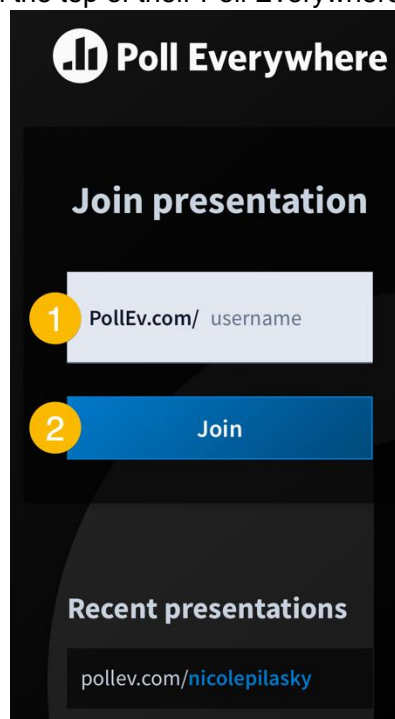

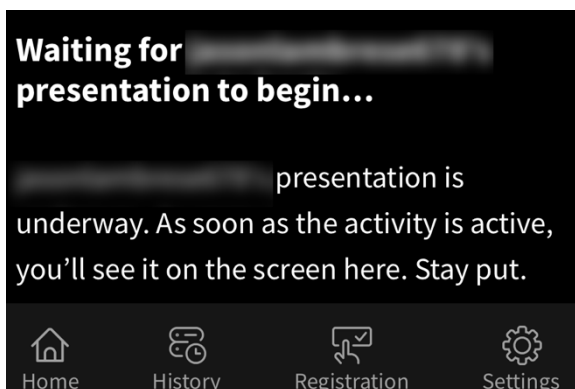

Join with an Instructor and Respond to Activities

To join with an instructor, you will need to enter the instructor's username into the Poll Everywhere app, or at pollev.com. Instructors will typically share their user name in a variety of ways. They can share it via a QR code, in a slide at the beginning of their presentation, or verbally tell it to you. The most common way to locate an instructor's user name is to find it at the top of one of their Poll Everywhere activities. An instructor's user name is typically their full name with numbers. Ex. **JohnSmith123**

1. Login to the Poll Everywhere app on your smartphone or tablet with your CWRU abc123@case.edu email using the above steps in this guide.
2. Locate the instructor's username, which is typically found on the top of their Poll Everywhere activities.
3. Enter the instructor's username under join presentation, and then select **Join**.

NOTE: Instructors you've joined recently will appear under Recent Presentations. You can select one to quickly join a recent instructors' activities.

4. Upon joining with an instructor, you may see a screen that asks you to wait until the presentation begins.

NOTES: An activity becomes available to students once the activity is activated by the instructor. As a different activity is activated by the instructor, it automatically updates and is available on your mobile device or computer.

When using slide presentations, activities are activated once the presentation advances to a slide with a Poll Everywhere activity.

Only one Poll Everywhere activity can be active at a time. Students will not be able to see multiple active activities in the Poll Everywhere app.

5. Respond to a question.

NOTE: Depending on the activity types your instructor uses in their session, you may or may not see various options when providing your answer. Usually, responding to an activity is easy: select the answer you want to choose among the options on the screen, or type in an answer for written activities and select submit.
